

## Chemola™ Desco 955

Premium Synthetic

**Chemola™ Desco 955** is a hydrocarbon-resistant synthetic lubricant containing molybdenum disulfide for added extreme pressure properties. Chemola™ Desco 955 is formulated with solid lubricants to provide lubrication to 600°F.

### Recommended Uses

Chemola™ Desco 955 is widely used in gas pipelines around the world. It is resistant to aliphatic hydrocarbons, butane, fuel oil, hot asphalt, hot gases, hot oil, LPG and natural gas.

### Typical Characteristics
